

County of Fairfax, Virginia

To protect and enrich the quality of life for the people, neighborhoods and diverse communities of Fairfax County

Courtroom Renovations

Courtroom renovations have been completed for eighteen Courtrooms (4E, 4F, 4G, 4H, 5A, 5B, 5C, 5D, 5E, 5F, 5G 5H) at the Circuit Court, and five courtrooms (1A, 1C, 1D, 2B, 2G, 2H) with the General District Court. Renovation plans are in progress for four remaining Circuit Court Courtrooms (4A, 4B, 4C, 4D) and four General District Court Courtrooms (1B, 2A, 2E, 2F). All renovated courtrooms require replacement of major mechanical systems to include heating/air conditioning, improved lighting, satisfy ADA requirements, enhanced security system, and improved acoustics. The renovations also include replacement or refinishing of judges' benches, jury and gallery seating, wall paneling, paint, carpet, etc.

Renovation of these courtrooms includes integration with the Court's digital Courtroom Technology Management System (CTMS). All new and renovated courtrooms share a common technology infrastructure with distributed audio and video services routed through a centralized Master Control Room.

Currently, 32 high-tech courtrooms (Circuit Court – 14, General District Court – 9, Juvenile and Domestic Relations District Court – 9) are operational within the 40-courtroom facility. Funding for future courtroom renovations was included in the Public Safety bond referendum approved by the citizens in the November 2012 election.

The renovated courtrooms meet the primary objectives to improve citizens' access to the Courts, facilitate trials and hearings in the most effective and efficient means possible, allow for all three Courts to share common resources, and provide for flexibility and adaptability to incorporate future changes in technology and court proceedings.
