Fairfax County Tree Commission 2021 Annual Report

Supervisor Dan Storck

February 8, 2022

On November 17, 2021, the Fairfax County Tree Commission transmitted its 2021 Annual Report to the Board. The Commission's 2021 Report provides an overview of what is happening with respect to tree preservation, planting and related activities across Fairfax County. This is the first consolidated annual report of the Tree Commission and is based on the reporting requirements as defined in the 2019 Tree Action Plan, Fairfax Green Initiatives Item #5A and the Tree Commission Charter. It makes specific recommendations to the Board of Supervisors, including actions to support Fairfax Green Initiative Item #5A, a Community of Practice matrix and improving the Land Development Process.

Therefore, we ask, that the Board direct the County Executive to charge the Office of Environmental and Energy Coordination, with support from relevant county agencies, to prepare a response to the Tree Commission's 2021 Annual Report, prioritize its recommendations and report back to the appropriate Board of Supervisor's Committees at a future meeting.
