

June 2022

Neighbors,

It is with a heavy heart that I begin this newsletter. Yet more **senseless killing of innocents in multiple innocent places**—grocery store, school, medical center—each by a heavily armed gunman, with the murder of the nineteen children occurring just as the **Board of Supervisors was proclaiming June 3 Gun Violence Awareness Day!** I stand with those who believe thoughts and prayers are not enough and our **state and federal legislators should approve actions** large majorities support; background checks, assault weapons restrictions, and mental illness or past violence prohibitions—**"common sense" violence reducers**. [Resources to help prevent gun violence.](#)

On a lighter note, **many, many businesses in our community are looking for workers**. If you know someone who is looking for an opportunity, now is one of the **best employment markets** we have seen in a very long time. Just this week, I saw **"Help Wanted" signs** at the new **Popeyes** in Lorton and **Sherwood Hall Deli** in Mount Vernon. My first job was at the **age of nine as a paperboy** and since then, work has been a constant learning experience about people, places, things and me. **Building character, connections, community contributions** and a little extra cash in our teenagers' pockets, boosting independence and self-reliance and learning what you like/don't like helps us to grow! **Fairfax County has many openings:** <https://www.fairfaxcounty.gov/topics/jobs>. And, the **Park Authority is offering bonuses** for summer employees: <https://www.fairfaxcounty.gov/parks/jobs-internships>.

Also, many of you have contacted my office about the **US Army Corps of Engineers coastal flooding study and community meeting on June 14** at 6 p.m. at Belle View Elementary School. A **virtual community meeting** will also be held on **June 16** and **public comment** is due to the Corps by **June 30**. You can [find more information here](#). This study and review were **initiated by the Corps**.

Recently, we celebrated the **Grand Opening of Popeyes in Lorton** – watch the [Facebook Live video!](#) Later this month, on June 24 at 11:30 a.m., come to the **Workhouse Arts Center for a Groundbreaking** to improve the Ox Road (Rt. 123) frontage and prepare two buildings for future food and beverage tenants and customers.

On June 25 at 10 a.m., join us to celebrate the long-awaited **Grand Opening of the renovated Lorton Fire Station**. Thank you to the many **fulltime and volunteer firefighters** who have endured an extended period of time in the temporary station! If you have not attended a Fire Station Grand Opening before, it is quite a sight to see, **full of traditions** – from the **Push-in Ceremony** (think back to the days engines were pulled by
