**Board Matter**

**Board Scheduling of Clark Construction Group**

**SE 2022-PR-00007**

Members of the Board,

As you may recall, Clark Construction Group recently announced plans to open a new 128,000 square foot office in the Silverline Center office building at 7900 Westpark Drive in Tysons. The new space is designed to provide a modern and collaborative hub for Clark's infrastructure, building, and asset solutions teams along with many of Clark's corporate departments that serve the company's projects nationwide, including numerous projects in Fairfax County. Clark will employ over 550 people at this location.

Clark is currently renovating the interior of the Silverline Center office building and plan to begin occupancy on September 23, 2022. As part of the project, Clark has requested a special exception to accommodate a second building mounted sign to take advantage of the building's gateway location on the Beltway.

Clark is actively working with County Staff on the special exception to improve the overall design. The special exception is currently scheduled for a Planning Commission hearing on September 14, 2022. In order to have the SE hearing coincide as closely as possible with its move, Clark has asked that the hearing before the Board of Supervisors be scheduled on October 11, 2022.

Therefore, I move that the Board of Supervisors direct the planning staff to schedule SE 2022-PR-00007 for a hearing before the Board of Supervisors on October 11, 2022.

*This motion should not be construed as a favorable recommendation by the Board of Supervisors, nor does it relieve the Applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards.*
